# Short-row Shawl

Knit

Intermediate

**Design:** Andrea Schmitz

## SIZE

183 x 29 cm

## MATERIALS

**Schachenmayr Miracle**, 200 g ball  
approx. 200 g = 800 m  
Col. 00084 (sea color) 1 ball

13 stitch markers

1 circular needle 3.5 mm, 80 cm long

## GAUGE

25 st and 36 rows = 10 x 10 cm

## BASIC TECHNIQUES

### Garner stitch

Knit all rows.

### Double stitch with short rows

To create a double stitch, after turning your work in the diamond pattern, hold the yarn in front of your work, insert your needle into the first stitch from the right (as if to purl), then lift the stitch and the yarn together and pull the yarn tightly to the back. This pulls the st over the needle so that it appears as a double stitch.

If the yarn is not pulled tightly enough, gaps will appear in your work later. Bring the yarn back to the front of the work and continue working as given in the pattern.

Double stitch at the beginning of WS-row

## INSTRUCTIONS

Cast on 280 st or crochet them onto the needle.

Work 2 R in garter st. In the second R, place a marker after every 20 st.

Now begin working the diamond pattern:

\*k11, turn your work, working the first st as a double st, k9.

Turn your work again, work the first st as a double st, k10 (working the double st at the end of the short row as 1 st), turn.

Again, work the first st as a double st, k9 (up to before the double st), turn.

In the WS rows, always work up to before the double st;

In the RS rows, work 1 st further than the double st (working this as 1 st).

Repeat these two rows until in the RS row, you have worked the last st before the marker.

Turn your work again, work the first st as a double st, k9, turn your work, work the first st as a double st, k9, slide the marker onto the right-hand needle, then repeat from \*.

Work a total of 14 diamonds in this way.

For the in-between rows, work 5 R in garter st as follows: After the last R of the 14th diamond, continue working back in garter st across all the diamonds, working all double st as one st.

In the next row, at the end of the 14th diamond, use a knitted cast-on to add 10 st to the end of the row.

Work 3 more R in garter st; in the last WS row, place a marker after every 20 st.

You should have 10 st left at the end of the row.

To start a new row of diamonds, first bind off these 10 st (this shifts the beginning of the row by 10 st), then work a row of diamonds as described above.

**Note:** In order to achieve the wave pattern, the beginning of each new row of diamonds must be shifted by 10 st.

Depending on your tension, you will be able to work 11-12 rows of diamonds using this amount of yarn. To finish, work 2 more R in garter st. In the following (third) row, bind off all st loosely.

**TIP:**

**Bind off loosely:**

k2, slip both st back onto the left needle, k the 2 st together through the back loop, k1, slide the 2 worked st back onto the left needle and repeat.

**FINISHING**

Weave in all ends using a tapestry needle.

Dampen and block; allow to dry.

**ABBREVIATIONS**

- k = knit
- p = purl
- RS = right side
- st(s) = stitch(es)
- WS = wrong side
